

In memory of the recently deceased prof. Howard Morris, the Journal of BIOLOGICAL REGULATORS & Homeostatic Agents (Journal of Biology) points out the Howard Morris 2019 award, rewarding the best four scientific contributions received by our scientific secretariat.

Having examined the scientific contributions by a special commission entitled in this regard, the scientific journal Journal of BIOLOGICAL REGULATORS & Homeostatic Agents (Journal of Biology) in the figure of John Wilson is pleased to communicate:

## “HOWARD MORRIS AWARD”

### Italian Section:

#### Clinical Case

**1° Place:** L'USO “DIAGNOSTICO” DEL SEMPLICE ESAME EMOCROMOCITOMETRICO CON L'IMPIEGO DI TECNOLOGIE IN FLUORESCENZA IN UN CASO DI LEUCEMIA ACUTA MIELOIDE.

**2° Place:** DIAGNOSI DI LABORATORIO PER INFEZIONE NEL DISTRETTO PARODONTALE, DALLA PCR AL “MOLECULAR BEACON ARRAY”

**3° Place:** L'APPROPRIATEZZA NELL'AMBITO DELLE SINDROMI MIELOPROLIFERATIVE CRONICHE PHILADELPHIA NEGATIVE

**4° Place:** LA RICERCA DELLA MUTAZIONE JAK2 V617F: UN VALIDO SUPPORTO NELLA DIAGNOSI DEI DISORDINI MIELOPROLIFERATIVI
